Greetings from your President

An Order of the Engineer Ceremony will be held during our monthly meeting in Aiken, SC, on May 17th. Bernie Till will be presenting on "Changes in Latitudes, Changes in Altitudes, Changes in Attitudes (no it isn't a new Jimmy Buffett song)", which is an outstanding presentation relevant to all fields of engineering. Due to the nature of the presentation, PDH credits will be given to those who attend.

I wanted to thank everyone in the chapter for allowing me to serve as President for the past two years. I truly enjoyed the time I spent in this position. Year after year, our chapter has been successful in promoting fire protection and donating time to help provide a safer environment for the local community. Completing the CAPA House sprinkler installation was a huge success!

The accomplishments of the chapter do not fall on one individual, or the chapter leaders, but it is a result of the hard work and dedication of all the chapter members. I am thankful to be a part of this amazing organization, and I know our chapter will continue to succeed.

Please keep fire safety a priority while enjoying the summer! See you all in September!

Respectfully,

Jason
